Justices of the Peace tasks during covid restriction times

Due to the ACT lockdown and continuing covid restrictions the usual Members' seminar is not able to be held. So we are giving Members an opportunity to gather on-line and cover various aspects in respect of being a JP and in particular during these 'living with covid' times .

Guidance on a range of tasks can be provided. Let Beverly know what topics and aspects of a JP's role you would like included in the presentation. You may like to share a JP experience too.
